Sports Days this year will be done in individual year groups. The dates are in the table below. As we move to living with the pandemic this will mean the crowds will be significantly lower and thus reducing the risk of Covid infection. The reduced numbers will be beneficial from a safeguarding perspective and on Sports Day children will not be allowed to leave the school grounds for lunch with their parents/guardians.

Events will start each day at 9.30am and will be finished before lunch. Children will be in the grass pitch the entire time and there will be a considerable drop in the waiting time between races. The school canteen will be providing Chicken Goujons and Chips for the year group scheduled for sports. Outdoor activities will be laid on in school after lunch on Sports Day. Parents/Carers will leave after the Sports Day events after finished, the afternoon sessions are for children only.

I apologise to anyone who has to come in to school on numerous days and especially if it requires booking time off work. I hope the advantages of this new way will greatly outweigh the disadvantages. As in previous years we are dependent on the weather and there is always the possibility that Sports Day could be postponed. Already we have some year groups unable to run off heats due to the inclement weather and this may cause problems. If it is wet on Sports Day the event will be postponed on health and safety grounds and moved to the next available day.

Many thanks for your support and we look forward to welcoming you all back to Termoncanice.
